

Free Flights for People in Need

Pilots – Welcome to Angel Flight Central!

If giving hope and help to those in need is part of YOUR flying goals; we invite you to join us as a **Volunteer Pilot** to help fulfill our mission at Angel Flight Central;

**“Serving people in need by arranging charitable flights
for access to health care and for other humanitarian purposes.”**

Your time, talent and resources make our mission possible. You will fly both children and adults in need of long distance transportation to medical care, parents visiting their hospitalized child and children with special needs to camps. Pilots may also participate in disaster response or other humanitarian flights.

Knowing there is someone willing to help with transportation can relieve a large portion of the burden for families overwhelmed by unpaid medical bills, reaching a medical specialist who can identify or treat their disease or provide a safe travel environment for a person whose compromised immune system does not allow them to access public transportation.

Angel Flight Central Volunteer Pilots and ground volunteers have been serving the mid and upper Midwest since 1995. Flights originate near a passengers residence in Illinois, Indiana, Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, South Dakota and Wisconsin and link with partner organizations to reach destinations miles from home. For passengers who must travel commercially (for medical or other reasons) grant and donor resources may be available.

It is because of passionate, dedicated and generous volunteers and supporters that Angel Flight Central can extend this unique service. Becoming an **AFC Active Command Pilot** will make a difference in your life and in the life of a person who truly needs your assistance.

I invite you to review the [Volunteer Pilot Agreement with AFC Requirements](#) on this website and complete the online [AFC Pilot Application](#). Here's an opportunity to make a difference while doing what you already enjoy; FLYING!

I welcome your questions and interest. Thank you!
